

About TEDxFargo

TEDxFargo seeks to be the TEDx event best-known for activating ideas in our community. We believe that ideas can help solve challenges in our community and help us explore new possibilities. We also know that we need your help to provide a world-class experience for 2000 attendees, our community and the speakers.

The TEDxFargo team is already at work, crafting a day full of ideas and experiences. We hope you will mark your calendars and plan to join us.
